

PLACEMAT ZIPPER POUCH

These are really practical. They are the perfect size for cosmetics, traveling toiletries and even craft projects.

The best part... the quilting is already done for you. All you need to do is add a zipper and few stitches and voila... you've got a gift in less than 15 minutes.

Want to make one? Guess what? I've got a video tutorial for you! Here you go!

IT'S PLACEMAT POUCH VERSION 4!

Isn't she cute!!!

I can see all kinds of uses for this little cutie patootie! On the go diaper bag, perhaps? Or a cute little purse? What about a grab and go beach pouch? It's a great size and made from another quilted placemat, so the extra padding makes it ideal for all kinds of "Stuff" you need to carry around.

They just might be my new favorite!

Ready for the tutorial? I've got it linked below along with a list of all of the materials:

Measurements:

14" or bigger zipper

3 x 11 Piece of coordinating fabric

4 x 12" Piece of coordinating fabric

(2) 1" strips of heat n bond heavy interfacing
